📞 +91 8848116950  ✉ kabhishek1170@gmail.com  📍 Wayanad, Kerala, India 673576

DOB : 10/09/2003    Nationality : Indian    Martial Status : Single    **in** Linkedin

## ABOUT ME

Energetic and passionate Cybersecurity professional graduated with a B.Tech in Cybersecurity and Cyber Forensics. Actively building expertise in ethical hacking, vulnerability assessment, malware analysis, phishing awareness, digital forensics, and network security. A quick learner with strong analytical, problem-solving, and communication skills, eager to contribute to cybersecurity solutions and team success.

## EDUCATION

- **B-TECH CYBERSECURITY & CYBER FORENSICS** (2021 - 2025)
  SRINIVAS UNIVERSITY OF ENGINEERING AND TECHNOLOGY, Mangalore
- **ETHICAL HACKING** (2025)
  AVODHA, Kochi
- **OCSP (OFFENSO CERTIFIED SECURITY PROFESSIONAL)** (2025)
  OFFENSO HACKERS ACADEMY , Kochi

## SKILLS

- Operating Systems: Windows, Linux
- Technical Abilities : Vulnerability Assessment , Penetration testing , SOC
- Networking Technologies: TCP/IP , UDP, DNS , OSI Layers, Network support
- Network Web-application tools : Nmap , Burp suite , Metasploit , Wireshark , Nikto, Hydra
- SOC Engagements: SEIM Tools, Splunk, System support
- Soft skills: Communication, Problem solving,  Research & Presentation, Adaptable , Time management, Positive Attitude, Team work

## PROJECT

**Project : BOOMSLANG PHISHING DETECTOR** (2025)

- The study provided a model for URL classification into phishing & legitimate URLS.
- This would be very valuable for companies in identifying phishing attacks by authenticating any link supplied to them to prove its validity.
- Raised phishing awareness among users by integrating educational features, helping society identify and avoid phishing threats.

## INTERNSHIP

### Intership at KAASHIV INFOTECH (2023)

- Cyber security Fundamentals
- Dealing with professional tools.
- Digital Forensic toolkit.

### Intership at ED INTERS (2024)

- Vulnerability Assessment process
- Soc enagagements
- Penetration testing

## CTF CHALLENGES AND UPSKILLING

Actively participating in Capture The flag challenges on various platforms and competitions. Also consistently honing cybersecurity skills and Problem-solving abilities. Engaged in ongoing learning and upskilling through platforms like: TryHackMe, HackTheBox, Portswigger.

## LANGUAGES

- Malayalam (Native & Full Proficiency)
- English      (Full Proficiency)
- Tamil         (Limited  Proficiency)
- Hindi         (Limited  Proficiency)
